

Senior Softball USA

Player Release Form

This form must be completed and signed by the manager of the team releasing the player.

The Player Release Form is required for any player wishing to change teams within the same age group during the current season. A player is classified as a member of a team and is "frozen" on that team's roster once he has checked in and played with that team during any SSWC sanctioned tournament in the current season. Players may only change to teams with a rating level above, equal to, or one level below their original team's current rating level (e.g., a player may not change from a Major Plus team to a AAA team without prior approval from SSUSA).

PLEASE NOTE → Each player is allowed ONE release per season. If a player is released from his original team and plays on another team in the same age group in an SSWC sanctioned tournament, he may not return to the original team during the current season.
